CONTENTS

85 **Cover Story** **Vegetable Oil as an Alternative in Rubber and Plastic Industries**

Dr. Samir Majumdar underlines the fact that vegetable oil may soon replace mineral oil in the production of rubber and plastic goods in view of the fact that natural, non-renewable resources are on the wane across the world.

58 State Report

Andhra Pradesh Shows the Way to Industrial Progress

The Government of Andhra Pradesh, with the objective of promoting sustainable economic growth, has established the Andhra Pradesh Economic Development Board (APEDB). Chaired by Chief Minister N Chandrababu Naidu, it is a single point of contact for trade, investments, partnerships and collaboration in the state. The APEDB has organised some international trips such as the World Economic Forum in Davos and recently to Dubai, UAE to sign MoUs with some of the leading business groups. This abridged newsletter from the ABEDP provides an overview of the initiatives that have been undertaken so far.

78 Interview

Cobots: Revolutionizing the Indian Industry

In this interview with Huned Contractor, Universal Robots' General Manager-South Asia, Pradeep David, elaborates about the Indian industry's move towards deploying robots and cobots to help increase productivity and efficiency and how the human-robot interface is gaining momentum.

96 Feature

Can India Have a 'Mittelstand' Culture?

If all of us join hands and provide support to our SMEs, the day is not far when we too will be able to create numerous global champions like German Mittelstand – small and medium enterprises – does. And this will help us generate much needed employment, develop skills for our youth and create a bright future for our country, writes Manoj Barve.

102 Corporate Strategy

The Branding Equation

Branding and marketing consultant Nandita Khaire explains why branding leads to several long-term benefits.

105 Feature

Trademarks: An Important Business Tool
